The MARYLAND GAZETTE.

[XX^th Year.] THURSDAY, *April* 11, 1765. [N°. 1040.]

BARBADOS, January 19, 1765.

By the KING's Authority.

PUBLIC Notice is hereby given, That the Commissioners appointed by his Majesty for the Sale and Disposal of Lands in the Islands of Grenada, the Grenadines, Tobago, St. Vincent, and Dominica, are (in Consequence of Resolutions taken at a Board held in Barbados the fifth Day of January, One Thousand Seven Hundred and Sixty-five) about to proceed immediately to the several Islands that are the Object of their Commission, for the more speedy and effectual Execution of his Majesty's Instructions.

That they shall accordingly, in Conjunction with the Governor-General of the Grenades and Neutral Islands, or in his Absence, with the Lieutenant Governor of each Island, respectively, proceed to divide the Islands of Tobago and St. Vincent into convenient Districts or Parishes, and set apart, in these and the other Islands, such Lands (in the most convenient Situations) as shall be thought most proper for Fortifications, Yards for the Use of the Navy, and other military Purposes.

That the said Commissioners shall determine on a proper Situation in every Parish for a Town convenient for Trade and Navigation; such Towns to consist of Lots of different Size and Extent for Houses, to which Gardens or Fields will be annexed, not exceeding six Acres, to any one Town-Lot: And that in laying out such Town-Lots, they shall reserve convenient Places for Wharfs and Quays, and for all other necessary public Uses; and reserve in every Parish such Wood Lands as shall seem necessary for the Construction and Repair of Fortifications and public Buildings, and to prevent that Drought which in these Climates is the usual Consequence of a total Removal of the Woods.

That they shall also trace out the Direction of all great Roads in each Island respectively, for the Conveniency of Communication between Town and Town, and set out Roads between the Allotments of Plantation Lands, for the Conveniency of the Purchasers thereof.

That uncleared Lands shall be set apart in each Parish for such poor Settlers as shall apply to the Governor-General of the Grenades and Neutral Islands, or the Lieutenant-Governor of the Island where such Lands lie, for the same.

That the native Caribbees of St. Vincent are to continue undisturbed in the Possession of their Cottages and Grounds.

That with Respect to the cleared Lands in the Islands of St. Vincent and Dominica, as the same have been occupied by the French in open Violation of the Faith of Treaties made between the Crowns of Great-Britain and France, and in express Contradiction to the public Orders issued by the Court of France; and as no Authority has been given to any of the Governors to make Grants thereof, the Commissioners are forbid to allow of any Establishment of the French, in Consequence of the Settlements made by them in the said Islands: But his Majesty has nevertheless been graciously pleased to encourage the present French Inhabitants to continue under his paternal Care and Protection, on certain Terms, Restrictions, and Reservations; and the Commissioners accordingly shall and will, with all convenient Speed, proceed to execute his Majesty's Instructions on that Head, as follows:

That is to say, To such of the French Inhabitants of the said Islands as shall take the Oath of Allegiance, and make and subscribe the Declaration of Abjuration, Leases shall be prepared and granted by the Commissioners, which shall also pass under the Seal of the Government of Grenada, and be registered in the Office of the Secretary of the Island where the Lands lie, of such cleared Lands as were in the Possession of the said French at the Time of the Surrender of the Islands aforesaid, and still are in their Possession (together with such small Portions of contiguous Lands in Wood as may be convenient to the Lessee, and which the Commissioners may think reasonable to allot in such Lands) unless such cleared Lands are found necessary for public Uses; in which Case other Lands shall be allotted them in Lieu thereof, and the full Value and Improvements shall be ascertained, and Compensation made for them in the most fair and equitable Manner.

That such Leases shall be for Fourteen, Twenty-one, Thirty-two, or Forty Years, at the Option of the Lessees; or 14 Years, renewable at the Pleasure of the Lessee; for a Number of Years not exceeding Forty in the Whole: And, in Consideration of which Leases, such Fines and Quit-rents shall be paid down, as are thought proportionable to the Term of Years and Quality of Land.

That the Land so demised shall not be assignable to any other Person, without a Licence first had from the Governor-General of the Grenades and Neutral Islands, or Commander in Chief for the Time being, and approved by the Lords Commissioners for Trade and Plantations.

That the Lessee shall reside one Half of the Year in the Island where the Lands lie. And in Cases where Lands were held before the late Peace by several French Proprietors jointly, some of whom are since retired from them, they are to be severed into Parts, and Indulgence shewn in the Division to those who are consented to remain and receive their Portions, and who will also enjoy every Advantage that peculiarly belongs to British Subjects.

That in Case any French Inhabitants should rather prefer uncleared Lands in any of the Islands, to the cleared Lands on the Terms above-mentioned, uncleared Lands, unincumbered with the Terms of the Lease, shall be allotted them in Lieu thereof by the said Commissioners; and they shall moreover be paid the Value of the Buildings they leave.

That these Provisions shall not however extend to such as occupy more than 500 Acres in the Island of St. Vincent, and 300 Acres in the Island of Dominica: If any such there be, the Commissioners shall reduce their Possessions to those Numbers, and dispose of the Surplus in the same Manner as of Lands not occupied by French Inhabitants.

That the Commissioners are impowered by his Majesty to determine who are to be deemed French Inhabitants, and what Lands they shall be deemed possessed of, within the Meaning of the King's Instructions: That religious Communities are not to be considered as included herein; such Lands as they have been possessed of will be sold for the public Benefit.

That no Grants, Bargains, or Sales whatever, hitherto made (excepting legal Sales in Grenada and the Grenadines) will be attended to or allowed of, as his Majesty has been pleased to declare that no Authority has been granted to any of his Governors for this Purpose. His Majesty has notwithstanding been pleased to except twenty-five Town-Lots, consisting of forty Feet in Front and one hundred and fifty Feet in Depth, granted by Governor Dalrymple in the Town of Charlotteville in the Island of Dominica: And the Commissioners are directed to confirm these Grants, by giving to the several Grantees Certificates that the said Lots were so conveyed to them; which shall intitle them to Grants thereof under the Seal of the Islands, provided they agree to insert in such Grants the same Conditions as are in all other Grants of Town Lots.

That with Respect to all Lands in any of the Islands which are the Object of the Commission, and which are not comprised within the above Description of Lands reserved for public Uses; Lands set apart for poor Settlers; Lands which are the rightful Property of the Inhabitants of Grenada and the Grenadines; or that may be leased out to the French Inhabitants of Dominica or St. Vincent, or possessed by the native Caribbees; they shall be divided into Allotments for Plantations; to consist, in the Islands of Grenada and the Grenadines, Tobago, and St. Vincent, of not less than 180, nor more than 500 Acres; and in the Island of Dominica, of not less than 50, nor more than 300 Acres of Land: In doing of which, Care will be taken that each Lot shall have every Convenience that the Circumstances and Nature of the Ground will admit of.

That the said Town-Lots, and Gardens or Pasture Ground, shall be laid out with all convenient Speed, in order that, if uncleared, the Governor-General of the Grenades and Neutral Islands, or the Lieutenant-Governor of each Island respectively, may dispose thereof to such as apply for them; or, if consisting of cleared Land, that they may be sold, in like Manner, as the Plantation Lands hereafter mentioned, by public Auction; subject in either Case to the Conditions, that a Dwelling-House, Shop, Warehouse, or Out-house, shall be erected thereon within the Space of two Years from the Date of the Grant; and a Quit Rent of One Penny Sterling per Foot in Front for the Town Lot, and Six-pence Sterling per Annum for every Acre of Garden or Pasture Ground: And the Sale and Grants of such Town and Pasture Lots, and also Grants to poor Settlers, shall be irrevokable.

That the Plantation Allotments aforesaid, as well of uncleared Lands as those cleared, which have been occupied by religious Societies, or which, by Reason of the Absence or Refusal of French Inhabitants, shall not be granted on Leafe in the Manner above directed, shall be put up to Sale, at a Price not less than Five Pounds Sterling per Acre, if the Lands are cleared, and not less than One Pound Sterling per Acre, if the Lands are uncleared; and be sold by public Auction to the highest Bidder, at the general Sale to be held twice in every Year, in the most healthy Seasons, either at Grenada or the Island where such Lands are situated, on the following Terms and Conditions, that is to say,

That no Person shall be permitted to purchase from the Crown, either in his own Name or in the Name of others in Trust for him, more than Allotments to the Amount of 500 Acres in the Island where the Lands lie, or more than 300 Acres if in the Island of Dominica.

That the highest Bidder of each Lot shall be declared the Purchaser, who shall thereupon pay down Twenty per Cent of the whole Purchase-money, and Six-pence Sterling for each Acre of which his Lot shall consist, to defray the Expence of surveying the same; whereupon he shall receive a Bill of Sale and a Certificate from the Commissioners of his being the highest Bidder; upon producing which Bill of Sale and Certificate to the Governor-General of the Grenades and the Neutral Islands, or Commander in Chief for the Time being, he shall be intitled to a Grant in Fee Simple, (under the Seal of the Islands) of the Lands by him purchased, and take Possession thereof, such Grant to be registered in the Secretary's Office of the respective Island where the Lands lie.

That in Case of Fraud, Collusion, or other Contravention to the King's Instructions, and not otherwise, the Grant shall be revokable for the Space of Twelve Months from the Date thereof, by the Lord High Treasurer, or the Lords Commissioners of His Majesty's Treasury for the Time being; but if not revoked, within that Term, the same shall then be absolute; if revoked, Notice thereof shall be immediately given, and the Money immediately given to the Purchaser, with the usual Interest of the Island, and Compensation also made for all Sums of Money which shall bona fide, have been laid out for the Clearing, Improving, or Building on any Part of the Lands contained in such Grant, to be ascertained by Arbitration, and the Lands shall be again put up to Sale.

That of the Purchase-money remaining due, Ten per Cent more than the 20 per Cent above mentioned, shall be paid within the first Year after the Date of the Bill of Sale, Ten per Cent the second Year, and Twenty per Cent every succeeding Year, until the Whole shall be paid: But, in Default of any of the said Payments, the Land shall be liable to be forfeited, and again sold, in order that the King may be first paid, and the Residue shall be the Property of those before intitled to it.

That from twelve Months after the Date of the Grant, the Purchaser shall clear away at the Rate of five Acres to the Hundred annually, until one Half of the cultivable Land shall be cleared, under a Penalty of Five Pounds Sterling per Annum for every Acre not cleared, in Forfeiture of this Condition.

Negroes for every Negro above 4 Years of age, and Twenty Pounds Sterling for every white Man, and Twenty Pounds Sterling for every white Woman that shall be resident; and pay an annual Quit-Rent of Six-pence Sterling per Acre, for whatever cleared Land he has purchased, or shall clear in Pursuance of the Conditions required.

That a Reservation shall be made to the King of all Gold or Silver Mines which are now, or may hereafter be discovered in the said Islands.

That the first Sale shall commence in the Island of Tobago, on Tuesday the 14th Day of May next.

That Tuesday the 28th Day of May next, shall be the first Day of Sale in the Island of St. Vincent.

That Tuesday the 11th Day of June next, shall be the first Day of Sale in the Island of Dominica.

That each Sale shall be continued every succeeding Day, until the same shall be completed.

That the Commissioners in the mean Time, shall proceed to settle Terms with the French Inhabitants of St. Vincent and Dominica, and dismiss Leases with them, as directed by His Majesty.

That all Payments of Rises for Leases, as well as of Purchase-money, shall be made conformable to the King's Instructions to the Receiver, in good Gold Specie, to be taken by Weight, at the Rate of Three Pounds Eighteen Shillings and Three-pence Sterling, per Ounce.

That Advertisements descriptive of the Situation and Soil of each Allotment shall be published as soon as possible; and,

That although no particular Description can yet be given of the Lands to be sold at the first Sale in each Island, yet, in general, it may be proper to inform the Public, that the Lots to be sold in Tobago, will lie chiefly in the Neighbourhood of Great Courland Bay, Man of War Bay, Great Rockley Bay, Cockenggee Bay, (now called Barbadoes Bay) and Little Hog Bay.

That Towns shall be laid out in each of these Bays with all convenient Speed.

That the Sale in St. Vincent, shall consist of uncleared Lands, as well as the valuable Tracts of cleared Land that may have been occupied by religious Societies, or not granted on Leafe, by Reason of the Absence or Refusal of the late French Possessors: And,

That Towns shall be laid out contiguous to the Bay of Wallibunny and Barrowalley, or elsewhere, as may be thought expedient.

That the Sale in Dominica, will consist of uncleared and valuable cleared Lands, as has been explained concerning St. Vincent, including the Estates possessed by the Society of Jesuits, near Grand Bay, so well known for their superior Excellency and Improvements: And,

That in particular, a Town and Plantation Allotments, shall be laid out at Prince Rupert's Bay.

By Direction of the Commissioners,

[3*] JOHN GREG, Secretary.

LONDON, December 20.

THE wild Beast, so frequently mentioned in the Newspapers, after having ravaged several Provinces has past us a Visit. It was first a few Days ago near St. Fleur, about 100 Leagues from hence, and is actually in our Neighbourhood. The Day before Yesterday it devoured a little Girl who was herding some Cattle at about a League from this Place. A Detachment of Dragoons has been in Weeks to Destroy it, but without Success. The Province has offered a Reward of 2000 Crowns to the Person who shall kill this Beast, but no Body has yet found an Opportunity of attacking it.

Paris, January 31. The wild Beast in the Neighbourhood of Mende is now said to be neither a Panther nor a Hyena, but an Animal produced from a Tiger and a Lioness, which was brought into France to be shewn as a Curiosity.

LONDON.

December 17. It is now said, the Scheme for imposing a Stamp Duty in the American Colonies, having been found impracticable as to the Mode of Collection in that Country, is now laid aside; in Lieu wherreof, an additional Duty, we hear, is proposed to be laid on Stationary Wares exported to America from England.

We are told, that those Gentlemen concerned in the Iron Mines in America, are about to contract with the Government for what Cannon and other Ordnance Stores may, for the future, be wanted for the Use of the Islands in the British Charibbees, from Foundations of that Country; the Scheme is said to be really practicable, and will be a Saving to the Nation to a large Amount.

The Trade the Expence of importing Timber from North-America, for national Use, has been calculated, and we hear several large Mills are ordered to be built in New-England, for that Government's Service.

Whereas information was lodged at the Office of the Right Honourable the Lords Commissioners of the Treasury of all the British North American Colonies, on the 23d of January, in your Province, or the Islands belonging thereto, for [illegible] Importing goods in the [illegible]

January 25. Yesterday the Society went to the Palace of St. James, with the usual Pomp, accompanied by the Worshipful Mr. Alderman Beckford, and Mr. Alderman Harley, and presented his Majesty with a most gracious Speech upon the Throne, to both Houses of Parliament, in which he informed them, That he had agreed with the King of Denmark to cement the Union which had long subsisted between the two Crowns by the Marriage of the Prince Royal of Denmark with his Sister the Princess Caroline Matilda, which he to be celebrated as soon as their respective Ages will permit.

He observed, that the Events which have happened in the Course of the last Year, give Reason to hope for the Duration of that Peace, which had been so happily established, and which it was his Resolution strictly to maintain; That the Courts of France and Spain had given him fresh Assurances of their good Dispositions; That the former Quiet of the Empire has been confirmed by the unanimous Choice of a Successor to the Imperial Dignity; and the peaceable Election of the King of Poland had prevented those fatal Consequences, which, upon similar Occasions, have so frequently been destructive to the Repose of Europe.

That he should ask of the Commons for the current Service of the Year, no other Supplies than such as are necessary for the full Establishments which have already met with their Approbation; and that he would order the proper Estimates for that Purpose to be laid before them.

That he must, however, earnestly recommend to them the Continuance of that Attention, which they had hitherto shewn, for the Improvement of the publick Revenue, and the Diminution of the national Debt.—And then addressing himself to both Houses, assured them, That the Experience which he had of their former Conduct made him rely on their Wisdom, and Firmness, in promoting that Obedience to the Laws, and respect to the legislative Authority of this Kingdom, which is essentially necessary for the Safety of the Whole; and in establishing such Regulations, as may best cement and strengthen every Part of his Dominions, for their mutual Benefit and Support. That the Affection which he bears to his People excited his earnest Wishes, that every Session of Parliament might be distinguished by some Plans for the publick Advantage, and for their Relief from their Difficulties, which an expensive War has brought upon them. That his Concurrence and Encouragement should never be wanting where their Welfare was concern'd: And lastly, that for the Attainment of that great Object, they would proceed with Temper, Unanimity and Dispatch.

We are credibly informed there are not the least Grounds for the Report, that the current Price of Tobacco had risen Twenty per cent. in France on account of the large Quantities lately imported from their own Settlements in America, the Produce of this Plant in all other Colonies not being at present sufficient to supply Half the Demands of that Kingdom, as evidently appears from the Books of Exports at the Custom-house.

January 14. We hear a further Time will be granted by Parliament for calling in the Paper Currency of the North-American Provinces, on a Petition lately come over for that Purpose.

They write from Perth in Scotland, that the late heavy Rains have caused an Overflowing in the River Tay, which has in a Manner reduced the Situation of that Town into the Form of a Peninsula.

January 15. Advice arrived, and received for a Truth, that the Right Hon. William Pitt, Esq; had, within these few Days, fallen to him an Estate of Two Thousand Five Hundred Pounds a Year, and an Hundred Thousand Pounds in ready Money, by the Will of Sir William Pinsen, Bart. of the County of Somerset, and who was a Member in the last Parliament, in Confideration of his truly patriotic Behaviour.—*A glorious Testimony of the high Regard in which he is held by his Country for his Talents and Virtues.*

January 21. It is said a List of no less than Forty-Three different Articles of Complaint, with regard to the late injurious Restrictions of the Colony Trade, with a Calculation of the vast Damages resulting therefrom, has been sent over by the New-York Packet, to be laid before the House.

The Speaker Indiaman, Dewar, lately arrived, was attacked in the Indian Seas by Pirates, said to be headed by a Brother of Angria. The Contest lasted half an Hour, but the Speaker applied her Guns so well, that one of the Enemies largest Vessels was obliged to be towed off. The Pirates hoisted the bloody Flag, and endeavoured to board the Speaker; having a great Number of small Craft, supposed in the whole to contain above Two Thousand Men.

January 24. Sunday last arrived at Penzance, in great Distress, having eleven Feet Water in her Hold, the Brigantine Dougall M'Dougall, from Maryland, bound for London.

It is said the Question will soon come with a parliamentary Discussion, how far his Majesty's Subjects in the American Colonies may be permitted the Privilege of engaging British Artificers to quit the Kingdom, with a View of being employed in extending the Manufactures of their Provinces, in Prejudice of the Mother Country.

We hear Application is going to be made to Parliament, for obtaining a certain Bounty per Ton on Ships fitted out from the British Colonies, for carrying on a Whale Fishery in the North-American Seas.

They write from Portsmouth, that all the Ships of War appointed for their several Stations in America, are now completely rigged, manned and victualled, and only wait for sailing Orders. They consist in the Whole to 15 Sail.

A Gentleman lately returned from the Havannah, says, A large Boom and Chain, of an immense Construction, was erected, a little before his Departure, across the Entrance of the River, which required Three Thousand Workmen to leave it up, by the Help of Windlasses and other strong Purchase on each Side.

Billy, a very lusty likely Fellow, about 27 Years old, about 5 Feet 11 Inches high, of a yellowish Complexion, by Trade a House Carpenter, and can do a little at the Ship Carpenter and Joiner's Business.

Billy, a very black short well made Fellow, of much the same Age as the other, by Trade a Ship Carpenter, and is very handy at building Boats.

Had on when he went away, a new Cotton Jacket, old red Breeches, old blue Stockings, an old Hat, and a Pair of new Country made Shoes.

The Negroes had each of them a new blue Pea-cloth Jacket, tho' as they have Variety of other Cloaths, such as are common for Negroes, they may make their Appearance in different Dresses, as best suits them.

As they all went off in a new Boat of about 30 Feet Keel, whose upper Works are painted red, and her Sides laid over with Turpentine, it is probable they will endeavour to get on board of some Ship, and will try to pass for Freemen, or perhaps will steer as far as they can to the Southward.
